Why invest in Greece

Greece's Golden Visa Program, introduced in 2013, presents a strategic opportunity for non-EU investors seeking residency in Europe. By acquiring real estate valued at least 250 investors are granted a five-year renewable residence permit, as long as property ownership is maintained.

The program is distinguished for its efficient application process and the absence of a minimum stay requirement, offering maximum flexibility. This residency pathway not only secures access to the Schengen Zone but also opens the door to future business, lifestyle, and investment opportunities within the European Union.
